

Sittiporn Suksapan

SENIOR MOBILE DEVELOPER

Pathum Thani, Thailand · +66 807 038510 · chanzaloveza@gmail.com · sittiporn-suks.com

Senior Mobile Developer with 9 years of experience across Android, iOS, Flutter, and supporting web application development. Strong background in Kotlin, Java, Jetpack Compose, SwiftUI, and Dart, with hands-on experience building consumer applications, SDKs, and internal business platforms using Agile, iterative delivery practices.

PROFESSIONAL PROFILE

CORE EXPERTISE

- Native Android development with Java, Kotlin, and Jetpack Compose
- iOS UI development with SwiftUI
- Cross-platform application development with Flutter and Dart
- RESTful API integration and cross-functional product delivery
- Experience with MVC, MVP, and MVVM application patterns

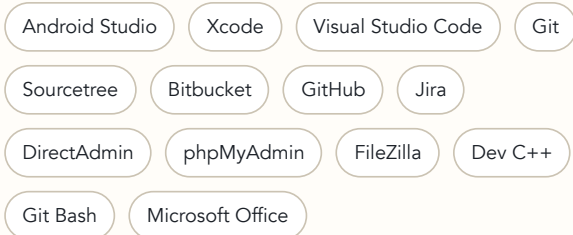

WORKING STYLE

- Clear communication across business, UX/UI, backend, and delivery teams
- Strong ownership from analysis through release and production support
- Detail-oriented, self-motivated, and dependable under pressure
- Comfortable working in Agile, iterative teams with Jira and Git workflows
- Hands-on with system setup, including macOS and Windows installation, and PC troubleshooting and maintenance

TECHNICAL STACK

TOOLS & PLATFORMS

PROFESSIONAL EXPERIENCE
